

Annual ROECSSG Spring Symposium At-A-Glance		"Assessment in Radiation Oncology Education: Beyond Basic Competence"		May 14, 2021
Time	Title	Speaker	Institution	Category
8:30-10:00 AM	Viewing of Asynchronous Oral Presentations & BYO Coffee, Tea, Breakfast			WIP = work in progress
10:00 AM Chicago/CDT - SYMPOSIUM START				
10:00 AM	Orientation	Daniel Golden	The University of Chicago	
10:05 AM	Introductory remarks	Jill Gunther	MD Anderson Cancer Center	
10:10 AM	Overview of 2021 ROECSSG symposium abstract review process	Simon Duke	Cambridge University Hospitals, UK	
10:15 AM	The Radiation Oncology Education Collaborative Study Group 2020 Spring Symposium: Is Virtual the New Reality?	Kaitlyn Lapen	University of Illinois Chicago	
10:20-12:25 AM	SESSION 1 - "Expanding the Field: Avenues to Optimize Training" - MODERATORS - Christian Fernandez and David Kok			
10:20 AM	Exploring Current Gaps in Radiation Oncology Resident Teaching: A Thematic Analysis of Free-Text Responses from the Radiation Oncology Residents-As-Teachers Targeted Needs Assessment	Lisa Ni	University of California, San Francisco	WIP
10:31 AM	Improving Radiation Oncology (RO) Resident Communication Skills by Leveraging the DiSC Assessment Tool	Ammoren Dohm	H. Lee Moffitt Cancer Center & Research Institute	WIP
10:42 AM	Developing a New Virtual Professional Development Education Model for Radiation Oncology and Medical Physics Residents	Anna Laucis	University of Michigan	WIP
10:53 AM	Protocol for a prospective trial to assess novel contouring education interventions for Radiation Oncology residents using an interactive online platform	Michael Sherer	University of California, San Diego	WIP
11:04 AM	BREAKOUT 6 per breakout room			
11:15 AM	Clinical Physics Boot camp for Radiation Oncology Residents: A Pilot Study	Einsley-Marie Janowski	University of Virginia	Completed
11:26 AM	Near peer teaching in radiation oncology: proof of principle study for treatment planning skills	Gerard Walls	Cancer Centre Belfast City Hospital, UK	Completed
11:37 AM	Remote contouring and virtual review during the COVID-19 pandemic (RECOVR-COVID19): Results of a quality improvement initiative for virtual resident training in radiation oncology.	Andrew Arifin	London Health Sciences Centre, Canada	Completed
11:48 AM	BREAKOUT 6 per breakout room			
11:59 AM	Analysis of Resident and Faculty Assessment Methods used by United States Radiation Oncology Residency Programs	Rajashri Manjunath	Augusta University/University of Georgia Medical Partnership	Completed
12:10 PM	Radiation Oncology Deliberative Curriculum Inquiry: Feasibility of a National Delphi Process	Elizabeth Jeans	Mayo Clinic (Rochester)	Completed

12:20 PM	Overview of expanded ROECSSG organizational structure	Daniel Golden	The University of Chicago	
12:25-1:00 PM	LUNCH Breakout Rooms: ROECSSG org structure working groups UGME/Medical Student - Steve Braunstein GME/Resident - Emma Fields and Rachel Jimenez CME/Attending - Erin Gillespie Interprofessional Education - Ravi Chandra Patient Education - Raphael Yechieli			
1:00-1:05 PM	REPORT FROM ARRO	Austin Sim	H. Lee Moffitt Cancer Center & Research Institute	
1:05-1:10 PM	REPORT FROM ADROP	Emma Fields	Virginia Commonwealth University	
1:10-2:20 PM	SESSION 2 - "Framing the Field: Radiation Oncology for New Learners" - MODERATORS - Elizabeth Jeans and Brandi Page			
1:10 PM	Radiation Oncology Virtual Elective Rotation for Medical Students and Residents: Implementation of a National Virtual Education Resource	Navjot Sandhu	Stanford University	Completed
1:21 PM	RISE: An equity and inclusion-based virtual pipeline program for medical students underrepresented in medicine	Idalid "Ivy" Franco	Harvard Radiation Oncology Program	Completed
1:32 PM	BREAKOUT 6 per breakout room			
1:43 PM	Implementation of Multi-Institutional Virtual Radiation Oncology Clerkship	Loise Wairiri	Oregon Health & Science University	Completed
1:54 PM	Improving Medical Student Education in Radiation Oncology:	Carmen Swanton	Sydney West Radiation Oncology Network, Australia	Completed
2:05 PM	Teaching Mentoring: Utilizing a resident-student peer mentorship program as a tool to educate residents about the core components of mentoring	Anurag Saraf	Massachusetts General Hospital	WIP
2:16 PM	HiPhy Announcement	Gabrielle Peters	Yale University	
2:20-2:30 PM	BREAK 6 per room			
2:30-3:00 PM	KEYNOTE ADDRESS AND DISCUSSION	Yoon Soo Park	Harvard University	
3:00-3:10 PM	DISCUSSION/BREAK			
3:10-4:40 PM	SESSION 3 - "Redefining the Field: Seeing Radiation Oncology As More Than The Clinic" - MODERATORS - Paris Ann Ingledew and Anna Laucis			
3:10 PM	IMRT 2.0: Refining an IMRT-focused Telehealth Curriculum for Existing Radiation Oncology Centers in Latin America	Meridith Balbach	Vanderbilt University	WIP
3:21 PM	Contouring Collaborative for Consensus in Radiation Oncology (C3RO): An international crowdsourcing challenge to improve radiotherapy contour delineation	Diana Lin	Memorial Sloan Kettering Cancer Center	WIP

3:32 PM	Social Media for Knowledge Sharing and Translation on Justice, Equity, Diversity, and Inclusion - Implementation and Assessment of our First Campaign	Ian Pereira	Queen's University, Canada	WIP
3:43 PM	BREAKOUT 6 per breakout room			
3:54 PM	Intensity-Modulated Radiation Therapy (IMRT) Course for Radiation Therapists (RTTs) in Latin American Countries	Alina Mitchell	Albert Einstein College of Medicine	Completed
4:05 PM	Readability of a Radiotherapy Graphic Narrative Patient Education Guide Series in English and Spanish	Santiago Avila	The University of Chicago	Completed
4:16 PM	Needs Assessment for an Introductory Radiation Oncology Curriculum for Advanced Practice Providers	Kate Martin	Brigham and Women's Hospital/DFCI	Completed
4:27 PM	BREAKOUT 6 per breakout room			
4:40-4:50 PM	CLOSING REMARKS	Jill Gunther	MD Anderson Cancer Center	
4:50-6:00 PM	Post-symposium networking			

ASYNCHRONOUS ORAL PRESENTATIONS				
	Are They Ready? The Current Status of Canadian and US Radiation Oncology and Radiation Therapy Training Programs in Preparing Trainees for On-Call Emergencies and Interdisciplinary Teamwork	Mustafa Al Balushi	University of Alberta, Canada	WIP
	1ONC: A Comprehensive Mobile and Web Application to Improve Access to Clinical Resources for Practicing Radiation Oncologists	Matthew Culbert	University of Florida	WIP
	Clinical Oncology Module for the ESTRO Core Curriculum	Yannick G. Eller	University of Dundee, UK	Completed
	RadOnc Tables: An Online Resource for Commentary and Summaries of Key Clinical Trials	Christopher Estes	Mercy Hospital	Completed
	Increasing Brachytherapy Mentorship and Representation Through #NextGenBrachy	Idalid "Ivy" Franco	Harvard Radiation Oncology Program	Completed
	Impact of the COVID-19 Pandemic on Postgraduate Training in Radiation Oncology	Meredith Giuliani	Princess Margaret Cancer Centre, Canada	Completed
	COVID-era Medical Student Education: Creation and Implementation of an Informal Virtual Elective in Radiation Oncology	Jillian Gunther	MD Anderson Cancer Center	Completed
	Development and Implementation of a Solid Tumor Oncologic Emergency Lecture for Internal Medicine and Emergency Medicine Residency Programs	Stanley Gutiontov	The University of Chicago	Completed
	Correlation Between Research Productivity During Medical School and Radiation Oncology Residency	Daniel Huang	Boston University	Completed
	Methodology and Efficacy of Weekly SA-CME Web-Based	Andrew Keller	University of Pittsburgh	Completed
	COVID Pass: A Case Study for Clinical Informatics	Ellen Kim	Brigham and Women's Hospital	Completed

	The Development and Piloting of a Virtual Reality Patient Consultation Simulation to Improve Oncology Practitioners Communication and Counseling Skills	David Kok	Peter MacCallum Cancer Centre, Australia	WIP
	A Structured Approach for Training and Testing Staff in Radiation Therapy	Chandrasekhar Kota	Integrated Radiotherapy Services	WIP
	Improving the MR Guided Radiotherapy Patient Experience Through Story Driven Video With 3D Animations	Lauren Linkowski	University of South Florida	WIP
	Initial Experience with a Multidisciplinary Leadership Journal Club	Homan Mohammadi	H. Lee Moffitt Cancer Center	WIP
	Benefits of a Tele-education Curriculum for Radiation Oncology Centers in Low- and Middle-Income Countries Transitioning from 2D to 3D External Beam Radiation Therapy	Elaine Nguyen	University of California, San Francisco	WIP
	The Impact of ROESCG 2020 on Unique Site Visits to a Radiation Oncology Educational Website	Jeff Ryckman	West Virginia University	Completed
	Competency-Based Medical Education in Canadian Radiation Oncology Residency Training: An Institutional Implementation Pilot Study	Amir Safavi	University of Toronto, Canada	Completed
	Feedback Delivery in an Academic Cancer Centre: Reflections from an R2C2-Based Microlearning Course	Amir Safavi	University of Toronto, Canada	Completed
	Using the Dosimetric Radiation Plan as a Teaching Tool for Early Trainees to Understand Radiation Toxicity	Anurag Saraf	Massachusetts General Hospital	WIP
	1ONCstudent: Development of Open Access Radiation Oncology Medical Education App for Medical Students	Anurag Saraf	Massachusetts General Hospital	WIP
	Integrating Leadership Competencies in Clinical Didactic Curricula: The Mock Tumor Board	Austin Sim	H. Lee Moffitt Cancer Center & Research Institute	WIP
	A Mixed-Methods Analysis of a Single-Institution Radiation Oncology Virtual Medical Student Rotation	Horatio Thomas	University of California, San Francisco	WIP
	The Chief Medical Officer's (CMO) Office Elective for Senior Residents: A New Opportunity for Tomorrow's Physician Leaders.	Toms Vengaloor Thomas	University of Mississippi	WIP
	Evaluation of an Inter-disciplinary Simulation-based Learning Module in Improving Learners' Comfort Level in Managing Neoplastic Spinal Cord Compression	Fan Yang	University of Alberta, Canada	WIP
